

PUNJAB LAW COLLEGE

Punjab Law College

is the oldest private institution in Lahore. We are striving to impart legal education to our students with a contemporary, professional approach. We have a history of more than two decades full of achievements in the legal field to our credit.

Editor's Note:

The session ended in the month of May and so have all the curricular, co-curricular and extra-curricular activities. The students have gone for prep-leaves after taking the Send up Tests conducted by the college. Therefore, this will be the last Newsletter of this session. Since these were the last months of the session, more focus of these months' policy was on curricular activities particularly exam preparation. In the last two months, the activities were scheduled in such a way that a fine tuning session could be completed in the form of class tests in all subjects, and the societies had their farewell parties. Students and faculty participated in seminars and workshops conducted at different places in the city and another successful session came to an end. On behalf of the faculty I wish all our students the best of luck in your exams, and all the best to our final year students. I would like to thank the entire faculty and the Principal Ms Hadia Awan who always raised a helping hand towards the completion of this segment.
